I am a supervisor at a local bank and security is my number one priority. I am a girlfriend of a Police Officer and know the real stories behind these criminals, not just what the media wants to portray. By releasing these monsters back in to society at all, let alone early, you are endangering communities, families and law enforcement. Criminals behind bars do not change for the better. They learn from each other and commit more violent, horrific crimes when released. You need to put a stop to this... NOW.

Thank you,

Stephanie
